# STUDENT LOANS

When scholarships and federal grants/loans do not cover your college expenses, consider our private student loan. Because your student loan is a serious obligation, and since it may be your first loan, we want it to be an opportunity for you to establish a good credit history for the future. Qualifying advances include: tuition, books, equipment, and housing/food expenses.

## Loan Terms:

- 10 Year Term - loan balance up to \$25,000
- 15 Year Term - loan balance over \$25,000, not to exceed \$50,000

For more information visit with Amy Waldner or request an informational flyer.

*It is important to know the process of private student loans take several weeks from start to finish - to best assist you, please plan accordingly.*
