

NEW Website!

We are excited to announce our website, www.m-ofcu.com, has gotten a facelift!

It is now mobile responsive, which means it will adjust itself so you can easily view the website on any size screen.

We've also added some online loan and savings calculators. These allow you to get a general idea of what your payment would be on a new loan or how much you may earn on a certificate of deposit.

The new design will NOT affect any of your E*Teller (online banking), Mobile Banking or Bill Pay sign-on credentials—your username and password will NOT change. An E*Teller access link is available on the homepage, and nothing inside E*Teller or the Bill Pay service has been affected.

If you have questions about the changes made to our website please call Tiffanie at 605-353-9977. Enjoy!
